EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Moses on February 18, 2004.

The application has been amended as follows:

In The Claims

Claim 1 (Currently Amended) A filter arrangement for filtering lubricating oil wherein the lubricating oil contains contaminants in the form of small particles, large particles and sludge, the filter arrangement comprising:

a first annular filter element having a top and a bottom and a filter media with a dirty side and a clean side for filtering relatively small particles from the lubricating oil the first filter element having a first hollow core;

a second annular filter element having a filter media with a dirty side and a clean side for removing sludge from the lubricating oil, the second filter element being located beneath the first filter element and having a second hollow core;

a centrifugal separator coaxial with the filter elements for removing large particles from the lubricating oil prior to the lubricating oil entering the dirty sides of the
